

## KANEOHE NEIGHBORHOOD BOARD NO. 30

c/o NEIGHBORHOOD COMMISSION • 530 SOUTH KING STREET ROOM 400 • HONOLULU, HAWAII, 96813  
PHONE (808) 527-5749 • FAX (808) 527-5760 • INTERNET: <http://www.honolulu.gov>

### MINUTES OF REGULAR MEETING THURSDAY, AUGUST 17, 2006 AKOAKOA HALE WINDWARD COMMUNITY COLLEGE

**CALL TO ORDER:** Chair Yanagihara called the meeting to order at 7:06 p.m., a quorum was present.

**MEMBERS PRESENT:** Clyde Morita, John R. Sabas, Wendell Lum, Roy Yanagihara, Paul M. Friel, John Flanigan, Elizabeth Gaisthia, L.C. Morris, Glenn Ida, Larry Zdvoracek, Bill H. Sager.

**MEMBERS ABSENT:** Rick Karasaki, Patty Yamashiro-Hironaka, Niko Koga, Felipe San Nicolas,

**GUESTS:** Battalion Chief James Skellington (Honolulu Fire Department), Lani Almanza (American Cancer Society), Michael Lyman, Robert Akiu, Tammy Rodriguez (HPHA), Jeff Spencer (O'ahu Civil Defense), Steve Cayetano (U.S. Congressman Ed Case's Office), Major Janna Mizuo and Lt. Dave Eber (Honolulu Police Department), Representative Pono Chong, Watson and Sarah Goldsmith, Lester Chang (Mayor's Office/Department of Parks and Recreation Director), Representative Barbara Marshall, Mr. Marshall, Venus Acoba (Councilmember Barbara Marshall's Office), Katherine Thomason (Governor's Office), Sarah Fry (Marine Corps Base Hawaii), Nola J. Frank (Neighborhood Commission Office staff).

**FILLING OF VACANCIES, Subdistrict 1 and 11** – There were no interested persons present to fill the vacancies.

**APPROVAL OF THE JULY 2006 REGULAR MEETING MINUTES:** The following corrections/additions were made:

Page 1, Guests should read, "...**Jill Tokuda**..."

Page 2, Questions, answers and comment 1) last sentence should read, "... Fry replied that the base has P-3 aircrafts and the Air Force, Marines, Navy, and planes with **deploying Marines and Sailors** use the airfield..." 2) Last sentence should read, "...Fry stated **that** is not alone, and that other complaints regarding the concerts were received..." 2) Second paragraph, second sentence should read, "...Fry answered each night of the event drew different crowds **due to different bands**..." 2) Paragraph five should read, "...Fry relayed **one of the initiatives MCBH to considering to the re-establishment of Mokapu Peninsula. The canoe regatta has not been held since 1966. She asked for public input**..."

Page 4, Questions, answers and comments 3) should read, "...**Lum** not Ho.";

Page 5, Questions, answers and comments should read, "...Follow up will be done regarding the **guardrail on Lilipuna Road**..."

Page 6, 5) should read, "...**Lilipuna Road**..." 6) delete, "...**Heeia**..." "...**The Kaneohe project received lump sum funding for bridge repair**..."

Page 7, Questions, answers and comments last sentence should read, “...**The Councilmember is looking into lands Kamehameha Schools owns across Haiku Road...**”

Page 7, second Questions, answers and comments should read, “...**Kahelelani Subdivision...**”

Page 9, OMPO Citizen Advisory Committee, last sentence should read, “ There will be one lane in each direction from **Nimitz Highway and Miller Street. The deadline is September...**”

Corlyn Orr has requested (via email) the following additions:

Page 7, “...**He’eia Kea Restoration Project Environmental Assessment)**...”

Page 7, “... **He’eia Fishpond Aquaculture Support Facilities Project-Corlyn Orr (Helber, Hastert & Fee Planner) reported the following: Kamehameha Schools (KS), owners of the Heeia Fishpond is preparing an Environmental Assessment (EA) in support of proposed facility improvements at He’eia Fishpond. The fishpond, which measures 88 acres in size, is one of the last remaining fishponds on O’ahu. The fishpond wall, which is unique in that it encircles the entire pond, measures more than one mile in total length. The fishpond is a valuable cultural resource listed on the National Register of Historic Places. Paepae o He’eia, the current tenant at the fishpond, is a 501 (c)(3) non-profit organization that is working to restore and preserve the fishpond. In addition to re-introducing traditional aquaculture practices at the pond, Paepae o He’eia is also coordinating environmental and cultural learning programs for the community, using the fishpond as an outdoor learning classroom.**

**The existing aquaculture operations are based along the southernmost corner of the fishpond. Access to the site is via Ipuka Street down a steep concrete driveway. The site, which is about 0.75 acres in size, is surrounded by single-family residences, including Ali’i Landing and Ali’i Bluffs subdivision that overlook the pond, and is not visible from the street. The fishpond area makai of the shoreline is within the State Conservation District, and the land area inland of the shoreline is in the State Urban District with County P-2 General Preservation zoning. The entire project is within the Special Management Area.**

**The proposed improvements include replacement of an existing Quonset hut that was used as a caretaker’s residence, construction of permanent aquaculture support facilities, and utility system improvements. The new caretaker’s residence would allow a caretaker to once again live on-site and provide security against poaching and vandalism, which are ongoing problems that threaten the long-term viability of the aquaculture program. Proposed aquaculture support facilities include an air-conditioned office space, showers and toilets, storage spaces, and parking improvements. Existing utility system connections, including water, electrical and telephone service, would be maintained. An existing cesspool would be closed, and a new connection to the City’s sewer system along Ipuka Street would be installed. The improvements are being planned to accommodate the existing program and there would be no changes in the overall land use or intensity of use. The project, which is essential for the continued success of the existing aquaculture program, would enhance staff productivity, increase operational efficiency, and address sanitation needs and improve overall aesthetics and quality of the fishpond experience.**

**An Environmental Assessment is required because the project uses lands within a historic site. A Conditional Use Permit (CUP) from the City and County for use of a historic site is also required. HHF is in the process of preparing the Draft EA and anticipates publication of the Draft EA in August.**

Questions, answers and comments: 1)"...Orr replied that construction would proceed after all permits are issued. The Draft EA should be published in August, followed by a 30-day public review period. It is anticipated that the EA process would be completed by December, followed

by the processing of the Conditional Use Permit. Construction could start by Summer 2007..." 2)"...In response to Lum relative to the sewer system, the preliminary engineering study conducted as part of the Draft EA indicated that a sewer lift station would be needed. The slope that the sewage must be pushed up to reach the City's sewer line along Ipuka Street is almost a 30% grade..." 4) "...For more information contact Corlyn Orr of Helber, Hastert & Fee, Planners at 545-2055..."

**Zdvoracek moved and seconded by Morris to accept the July 2006 Regular Meeting Minutes as amended. The motion failed to carry 5-0-5. Aye:** Lum, Yanagihara Friel, Morris, Sager; **Abstain:** Morita, Flanigan, Ida, Gaisthia, Zvoracek. A vote of 9 is needed for a motion to pass.

**APPROVAL OF THE AUGUST AGENDA PLANNING AND COMMITTEES' MEETING MINUTES:**  
Deferred.

#### **PUBLIC SAFETY AND MILITARY REPORT:**

**Honolulu Fire Department (HFD) –** Battalion Chief James Skellington reported the following:

1. Statistics for the month of July included 4 search/rescue, 4 accidents, 2 extractions, and 7 miscellaneous calls.
2. Fire Safety Tip – Have a regularly scheduled smoke detector check event on birthdays, anniversaries, or holidays.
3. Co-response protocol clarification – The fire department has been in co-response mode for the past 15 years that was created because there are 21 EMS sites and 42 fire stations, and has much faster response. HFD companies are on call 24-hours a day for fires and emergencies. HFD is dispatched to all medical emergencies when HFD response time is faster than EMS. These include respiratory problems, chest pains, diving accidents, drug overdose, childbirth, etc.
4. Regarding the use of sirens during the late night or early morning hours, the Fire Department is an emergency response and is exempt from the traffic code regulations.

Battalion Chief James Skellington was thanked for attending the meeting.

**Honolulu Police Department (HPD) –** Lt. Eber distributed July statistics report and highlighted the following:

1. Statistics for the month of July 2006 included aggravated assault 1, alarm calls 108, arguments 148, simple assault 18, attended death 3, auto theft recovery 12, burglary 9, drugs/narcotics 7, DUI 12, motor vehicle theft 16, graffiti 14, indecent exposure 2, identification theft 1, injured or sick cared for 7, property damage 34, MVA (motor vehicle accidents) 139, theft 45, rape 1, robbery 1, runaway 26, runaway cancelled (returned) 13, suspicious vehicle 31, threatening 12, and UEMV (unauthorized entry into motor vehicle) 51.
2. Monthly comparison July and June: murder/manslaughter 0/0, sex assault 0/5, robbery 6/8, aggravated assault 8/9, burglary 42/70 (down 40%), theft 130/168 (down 23%), UEMV 150/139, auto theft 38/32.

3. Annual comparison for the past six months (2006/2005) – sex assault up 36%, robbery up 77%, aggravated assault down 16%, and burglary down 3%.

Lt. Eber was thanked for attending the meeting.

**Marine Corps Base Hawaii (MCBH)** – Sarah Fry reported follow up to last month's concerns included: Initiatives are being considered for a new regatta festival, but recommending it be part of Bayfest. The regatta disappeared as Bayfest evolved. She welcomes input from the community on this matter.

Sarah Fry was thanked for attending the meeting.

**TREASURER'S REPORT:** Treasurer Gaisthia reported: a) for the month of June expenditures in the Operating Account were \$35.09 leaving a balance of \$1,082.22; with no expenditures in the Publicity Account the balance remains at \$2,367; and no expenditures in the Refreshment Account leaving the balance at \$120. b) For Fiscal-Year 2007 Operating Account budget is \$1520, Publicity Account is \$2,367, and the Refreshment Account is \$120. **Friel moved seconded by Zdvoracek accepting the treasurer's report, subject to audit. The motion carried unanimously.** Per request of the Chair, copies of the Treasurer's Report would be provided to all Board members.

**PUBLIC INPUT & RESIDENTS' CONCERNS** - None

#### **COMMUNITY ANNOUNCEMENTS:**

**American Cancer Society** – Lani Almanza from the American Cancer Society reported \$16,000 was raised at the Kaneohe Relay for Life. The City "Smoke Free " law goes into effect November 16, 2006. The American Cancer Society is willing to be a resource to assist businesses and individuals towards the smoke free law.

Lani Almanza was thanked for attending the meeting.

#### **ELECTED OFFICIALS' REPORTS:**

**Mayor's Representative** – Les Chang reported the following:

1. Copies of the Mayor's August "Honolulu News" were distributed.
2. Three speeding citations and two miscellaneous citations were issued on Haiku Road. No parking violations were observed. Officers will continue to monitor the area. Sgt. Chu left a message on Mr. Ross' recorder of the actions taken and the phone number where he may be contacted.
3. Koolau Village is State-owned property. The State does not pay property taxes to the City; therefore the City does not provide services.
4. Kaneohe Bay Drive is under the jurisdiction of the State Department of Transportation (SDOT).
5. Sewage smell on Kahekili Highway – The only pertinent trouble call received was on September 9, 2005 for the location mentioned. The Department of Environmental Services crew walked the area and found stagnant water only and no sewer odor. No other odor complaints were recently received for this area.
6. David Shiraishi of Environmental Services left a voice message for Mr. Jardin to let him know that the green waste pick up days are the first and third Mondays of the month. The branches

should be cut to three-foot length and placed in the blue and gray containers. Chang circulated two handouts: 1) Curbside green waste recycling schedule with a map of areas attached, and 2) a reminder regarding the expanded community recycling bins.

Questions, answers and comments:

1. Lum relayed he called the Mayor's office regarding the guardrail on Lilipuna Road, that has sunken deeper due to heavy rains. He was informed that Councilmember Marshall sent in a request for investigation and services report (RISER).
2. Lum inquired as to what has happened to the project proposal for the District Park soccer field parking lot located next to the Kaneohe Library. Chang replied he is looking at plans for a connector for a sewerline. There are no other projects planned for this park over the next two to three years. Chair Yanagihara asked what happened to the Kaneohe Civic Center project that had gone through the planning and design phase. Councilmember Marshall replied the project ran into environmental and sewer problems. Chang and Councilmember Marshall will do follow up.
3. Chang informed Lum that he checked on the bridge mentioned in a previous report as the Heeia Stream Bridge, and found his report to be correct. Lum noted lump sum funding for bridge repairs.
4. Chair Yanagihara thanked Chang for the informational handouts regarding green waste recycling and bulky pick up schedules.

Les Chang was thanked for attending the meeting.

7:32 Sabas arrived (11 members present)

**Councilmember Barbara Marshall** – Councilmember Marshall distributed her monthly written newsletter, which includes information relative to tax deadlines, greenwaste and bulky item pickup update.

1. Changes to the green bins are put the blue bins out first with the lid closed. Green bins are to be put out next. Anyone with excess greenwaste may call her office (547-7003) or call 692-5410 to request another green bin. If the greenwaste is excessive the gray bin can be used. Make sure all greewaste put into the bins is not bagged in plastic.
2. She is awaiting a response to a RISER (request for investigative service) sent relative to the guardrail issue on Lilipuna Street.
3. The Zoning Committee hearing is scheduled for Tuesday, August 22, 2006, at 9:00 a.m. Included on the agenda is Bill 55, relating to rezone land situated at Heeia-Kaneohe-Maunawili, O'ahu, Hawaii (amending portion of zoning may no. 22), per the application request of Kamehameha Schools for a pre-school in Haiku. Everyone who would like to give testimony was encouraged to attend the meeting, or send in written testimony.
4. Sewer work (force main) is being done on Kahanahou Circle.
5. The next 3 TALKS session will be held on August 29, 2006 in Waimanalo.

Questions, answers and comments: In response to Lum regarding Kahanhou Circle project, the contract was let out. Chair Yanagihara mentioned regarding traffic off Lilipuna Road, the contractor called and informed him that the traffic impact in that area is minor.

**Governor's Representative – Katherine Thomason highlighted:**

1. Distributed the Governor's Update and a flyer relative to the International Women's Leadership Conference, "Women With No Limits", Tuesday, August 29, 2006, Sheraton Waikiki Hotel Hawai'i Ballroom from 8:30 a.m. to 4:30 p.m.; Conference registration is at 7:30 a.m.
2. The State Department of Human Services (DHS) launched a new program designed to encourage welfare recipients to seek out, and maintain employment, called "Reward Work". The program is designed for individuals on the welfare system for less than two years, allows them to receive a greater percentage of benefits while they continue working. The program also provides two months of rent for working parents in the federal Temporary Assistance for Needy Families program. The program requires no additional funding because it taps money the State has already budgeted for welfare families.
3. State Department of Transportation report from Scott Ishikawa: a) Work from Castle Junction to the cemetery has been completed. b) The back to school jam starts August 21, 2006, with college and private schools starting there sessions.
4. The windward State road repairs have been put on hold from August 21 to September 5, 2006. Exceptions are night projects.
5. Next Step Project Report Update - Approximately 275-300 individuals staying at the homeless shelter on a nightly basis. Of that number approximately 90-100 are a child. Community volunteers have constructed a Keiki Korner, which has arts and crafts, as well as literacy programs run. All school aged children were provided with backpacks and school supplies by a community group. Each month a birthday celebration for all of the children is organized by a volunteer from the community with a movie and entertainment provided for the celebration. Case management is provided to all at the shelter by the Waikiki Health Center. Meals are cooked and provided by community groups. Alu Like is bringing a financial literacy program to the shelter for adults. A small school is providing as a English Second Language to adults, and provides transportation to their facility. Central Union Church and the community donated a computer lab, set up by a computer volunteer to include Internet access enabling the children and adults to do searches, homework and much more. Restrooms and storage are available, but waiting for showers. Every Tuesday evening a clinic is provided by The School of Medicine. Various programs and activities are brought to the shelter nightly. In July, volunteers and staff assisted members with applying for Section 8 and Public Housing. Representatives from the various programs explained the programs to members at the shelter.
6. A response to Board member Sabas regarding concerns from constituents about the Haiku Stairs, Governor Lingle sent a letter to Mayor Hannemann regarding the Haiku Stairs matter. Thomason read the letter.

**Questions, answers and comments:**

1. Chair requested a copy of the letter from Governor Lingle to Mayor Hannemann be forwarded to the Haiku Stairs Committee Chair person for the files.
2. Lum commended that the Governor for doing a super job with the homeless problem.

3. Follow up will be done as to what has happened with the Kahekili Highway Beautification project.
4. A concern was expressed regarding no sidewalks at the Kaneohe Bay Drive Stream opposite of Bay View Golf Course. Chair Yanagihara asked the residents to provide a sketch of the area to Thomason.
5. Regarding the letter from Governor Lingle to Mayor Hannemann regarding the Haiku Stairs, Sabas asked Chang if the City has decided on its option. Chair Yanagihara said if a response is received prior to the September, could a copy be provided to the Haiku Stairs Committee chair.

Katherine Thomason was thanked for attending the meeting.

**U.S. Congressman Ed Case** – Steve Cayetano circulated Congressman Ed Case's written report, and mentioned the Congressman is in town to take care of local business, but would be returning to Washington, D.C. before Labor Day. Thus far, 170 Talk Story sessions have been completed on the Big Island.

Cayetano relayed that he had corrections/additions to the July 2006 minutes. Chair Yanagihara told him that the minutes had already been approved, but he could incorporate them with his report. Corrections/additions to the July 2006 minutes: "...**Additions to Kahelelani Subdivision by pass channel – It was recommended if concerns are with the State or City, a meeting should be called to discuss the issues...**"

Steve Cayetano was thanked for attending the meeting.

**Senator Bob Hogue** – No representative was present.

**Senator Clayton Hee** – No representative was present.

**Representative Ken Ito** – No representative was present.

**Representative Pono Chong** – Representative Pono Chong distributed his monthly written report and highlighted that over \$24 million in funds for Kaneohe and Kailua. The focus is on schools and community needs. Major classroom renovations are Ben Parker Elementary, Kaneohe Elementary School, and Puohala Elementary School. School repair and maintenance (R&M) include Ben Parker Elementary, Castle High School, Kaneohe Elementary, and King Intermediate, and Puohala Elementary. District projects include Windward Community College (Library and Learning Center), Waikalua and Lilipuna Road pedestrian and safety improvements, Hawaii State Hospital – Kaneohe facility improvements, and Castle Hills Access Road drainage project.

As a member of the Hawai'i 2050 Sustainability Task Force, he announced the next meeting is scheduled for Saturday, August 26, 2006, 9:00 a.m. – 2:30 p.m. (reception to follow), at the Dole Cannery Ballrooms (735 Iwilei Road).

Questions, answers and comments:

1. With reference to the Civil Defense handouts, Lum suggested informing people about flooding. He added, currently there is a flood map, but the communities do not know what flood zone they are in. He recommended the map be accessible via the Internet. Follow up will be done with Civil Defense.

2. Chair Yanagihara pointed out that wind and water damage is not covered by flood insurance.

Representative Pono Chong was thanked for attending the meeting.

#### **COMMUNITY GROUPS AND ORGANIZATIONS:**

**Hawaii Pacific University** – No representative was present.

**Hope Chapel** – No representative was present.

**UNFINISHED BUSINESS** – None

#### **NEW BUSINESS:**

**Civil Defense Presentation** – Jeff Spencer, Volunteer Service Coordinator for O’ahu Civil Defense, distributed informational brochures on an emergency checklist, preparing for a tsunami, and preparing for hurricanes and tropical storms. Relative to the brochures, no information was provided regarding flooding. Historically, when it rains hard it will flood.

Questions, answers and comments:

1. Sager inquired what are the training schedules for community response teams and can anyone be a volunteer. Spencer replied training is held monthly and the next training day starts on September 10, and the second week of October followed by the next two consecutive Saturdays. The training classes are for three weeks. He mentioned it would be good to have volunteers from the Board (pro-active).
2. Sager asked if a resolution need be put forth to support Civil Defense. The answer was the cost to a volunteer is 20 hours of their time and the equipment is provided free of charge.
3. To sign up to be a volunteer call the O’ahu Civil Defense office at 523-4121.
4. Civil Defense is currently monitoring a tropical storm approximately 700-800 miles northeast from Hawaii, and Hurricane Hector, which is approximately 2000 miles away.
5. Everyone was encouraged to prepare hurricane kits because hurricane season does not end until November.

Jeff Spencer was thanked for attending the meeting.

**Mokulele Drive “No Parking district”** – No representative present.

**Lilipuna Road Clearing at “The Point”** – Resident Sarah Goldsmith explained to the Board that she had climbed to the top of The Point”, and observed trees being cleared on a property, and took some pictures (available for interested persons to review). A telephone call to the Department of Planning and Permitting (DPP) resulted in they telling her there are no violations occurring and that the property owner has met the DPP requirements. The response from Bishop Estate person was that they are proceeding on an illegal trespassing matter. Goldsmith added that she was told the area is considered a greenbelt (above the big pier to Coconut Island). Pohaku Point Construction had a 30-year contract, which expired on December 31, 2005. But the construction company was allowed a higher density in exchange for the greenbelt.

Questions, answers and comments:

1. The area in question is the resident at the top, mauka side toward Kahanahou Street.
2. Lum mentioned that in an older area of Lilipuna Road, there is a planned development (near Waialele Road) of townhouses. Heavy rains cause the mud to flow onto the roadway. In response, relative to the property at The Point, approximately 41,000 square feet on the property is to be cleared to create a view plane, which is a violation. Also, it is estimated that about 3,400 square feet has already been cleared for view.
3. Chair Yanagihara asked that the photos taken be forwarded to Councilmember Barbara Marshall for follow up. He noted that citations have not been issued by DPP and Bishop Estate will file for trespassing.

Sarah and Watson Goldsmith were thanked for attending the meeting.

#### **OLD BUSINESS:**

**Gill Net Fishing Resolution** – Sager distributed a resolution in support for proposed lay gill nets regulations in Kaneohe Bay. He added, testimony given related to Hawaiian culture, and the same should be done to protect our fishery. The makai side of the fish channel and the sandbar is “kapu” from fishing.

**Sager moved and seconded by Flanigan in support of the State Department of Land and Natural Resources (DLNR) proposed gill net regulations.**

Discussion followed:

1. Chair Yanagihara – Per the resolution, asked Sager if his proposal is to regulate the use of gill nets or ban them altogether. Also, would it include areas prohibited for gill net use, where DLNR is trying to replenish the resources? Sager replied he was not sure if the regulation would include divers, but the different varieties of species are seasonal. Chair Yanagihara noted fishing is still ongoing where gill nets are banned.
2. Flanigan commented that gill nets catch all kinds of fish, including turtles, etc. Currently the problem is enforcement. Chair Yanagihara added that gill nets are not responsible for the decline of crabs, oysters, etc.
3. A resident expressed the following: In the past people would fish enough to feed their family and share. Commercialization should be stopped, and the fishpond is already lost. It was suggested not include everyone in the ban at once, because those who fish to feed their families would be affected.
4. Sager relayed the proposal applies to a portion of Kaneohe Bay. The resident reiterated that the fishpond near Ulu Mau Village is gone.
5. Morris mentioned that the proposal says on certain areas would be banned (makai of the ship and sampan channels on the Kualoa end and makai of the sandbar.
6. Another resident shared that he is a third generation fishing family, who live on the bay. The bay was formerly named Coral Gardens. He gave a brief history of Kaneohe Bay that included clams and limu, which are now gone. In the 1960's a sewer outfall discharger flowed into the bay, and continues today. Temporary signage is posted at the bay indicating contaminated water from time to time. Regarding the gill net banning issue, enforcement and education

should be provided to new fishermen. He noted that he attended all the meetings held by DLNR. Families know not to deplete the fish.

7. Sabas asked the resident if he is in support of the resolution or not. In response, if gill nets are causing all the problems he disagrees 100%.
8. Both residents were in opposition to the resolution.
9. A comment was made that on a clear night the bay smells of raw sewage.
10. Chair Yanagihara commented we are all concerned about the resources. To single out one concern is wrong.

Sager then explained the resolution.

Morita circulated an article from the Honolulu Weekly (2 weeks ago). He stated he would abstain on the resolution because he would need more information prior to making a decision.

**Zdvoracek moved and seconded by Flanigan to close the discussion. The motion carried unanimously.**

**The motion failed to carry 3-3-5; Aye** (Flanigan, Zdvoracek, Sager); **Nay** (Sabas, Yanagihara, Friel); **Abstention** (Morita, Lum, Gaisthia, Morris, Ida). A vote of 9 is need for a motion/resolution to pass.

#### **COMMITTEE REPORTS:**

**Public Health & Safety** – Chair Flanigan announced new Director of the State Hospital is Rupert Goertz. M.D.

**OMPO Citizen Advisory** – Chair Lum circulated a flyer to “STOP” for Pedestrians. He added it is now the law and fine for a violation is \$97.00.

**Haiku Stairs Special Task Force** – Chair Morris announced a report would be given in the future.

#### **ANNOUNCEMENTS:**

- ❖ The next Agenda Planning & Committees’ Meeting will be held on Tuesday, September 5, 2006, at the Kaneohe Community and Senior Center, at 7:00 p.m.
- ❖ Next Regular Meeting will take place at the Windward Community College, Akoakoa Room on September 21, 2006, at 7:00p.m.

**ADJOURNMENT** – Without objections, Chair Yanagihara adjourned the meeting at 8:48 p.m.

Submitted by,  
Nola J Frank, Neighborhood Assistant
